III - V **Product Summary**

VI **10 Reasons Why You Should Own an Inflatable**

A photograph of children playing on a light-colored floor with several balloons. A large yellow circle is on the left, and a large red circle is on the right, both containing text. The background shows children in motion, with one child in a plaid dress on the left and another in a denim vest in the center.

# **Delivering Happiness to Every Home in Malaysia**

At Happy Hop Malaysia, we believe that play is incredibly valuable to a child's mental and physical development.

More than structured classes, timed activities, rote memorization and static learning on mobile devices, freedom to play is one of the easiest and best ways for children to learn, grow and develop themselves.

It's a great way to get outdoors, soak up the sun and work up a sweat while reaping benefits like better motor skills, balance and coordination, expansion of imagination and strategic thinking as well as improvement of social and interaction skills.

And children love to play! Actually, don't we all?

It is our mission, at Happy Hop Malaysia, to create safe and fun spaces where children can indulge in hours of good, old-fashioned fun.

It's our pride and joy to inflate happiness, one bouncy castle at a time!

# 10 Reasons Why You Should Own an Inflatable

Why should you buy an inflatable for your home?

Read on for 10 reasons:

## It's good for the health

Playing and jumping and running and bouncing - our inflatables make it easy to work up a sweat while having fun! Playing in our inflatables also helps develop crucial skills like balance and coordination, motor skills, social skills, strategic thinking - all in a safe environment.

## Easy handling

Our inflatables are lightweight, portable and come with their own carry bags, making them a breeze to move around. In fact, they can be carried by just one person!

## Better value for money

Buying your very own inflatable is a one-time investment for day after day of fun for your kids.

## It's clean and sanitary

Our inflatables are made of 100% stitched high grade polyester and laminated PVC that are easy to clean and easy to dry. Enjoy peace of mind knowing your kids are playing in a clean, healthy and wholesome environment.

## Always available

With your very own inflatable, it's available for your kids to play with every day, all year.

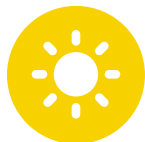

## It's safer

Because of our material's high quality, they stay inflated even with pin pricks or punctures. All our inflatables also come with their own blower, user manual and a repair kit. As you'll be in charge of the set up and maintenance, you'll know it's in safe hands. And if you have any queries, we're always available to help.

## Easy and convenient

All you need for a day of fun with your own inflatable is space and power and 60 seconds to inflate a whole day of fun.

## Great quality for long-lasting wear

All our inflatables are the result of years of research and development and are made with the finest materials to exacting international standards. This means they can last for many years of play.

## Hassle-free storage

Our compact design makes storage completely effortless.

## It makes a great gift

Everybody loves a bouncy castle. And now that you know it's many benefits to children's health and development, you know that it's a gift that keeps giving.

## Happy Stores
